BUSINESS ACTIVITIES

- Specialized in Wind: Project development, Turnkey Construction, Project Financing, Observation and Maintenance

SHORT PROFILE

BayWa r.e. Progetti develops projects, investment structures and operation for effective and sustainable wind energy projects. The management competencies, based on more than 15 years of experience in the wind energy industry, include origination, project development, permitting, financing, procurement, construction and operation of windfarms.

In particular, we pursue the most suitable balance between local expertise and resources and some centralized services to provide our clients with very good effectiveness and efficiency.

We are constantly looking for opportunities to acquire projects at various stages of development.
